Request for Municipal Property – Portion of PID 15435597 – Rear of Lot Fronting on Highland Street, Glace Bay (District 9)

Motion

Moved by Councillor MacKeigan, seconded by Councillor Nickituk, that Committee of the Whole recommend to Council to pass a motion to deem the subject property surplus and sell the said subject property to the applicant pursuant to the *Municipal Government Act*.

Motion Carried

CBRM

A Community of Communities

MEMO – Committee of the Whole

TO: Mayor and Council

FROM: Sheila Kolanko – Property Manager

SUBJECT: REQUEST FOR MUNICIPAL PROPERTY

PID 15435597

Rear of Lot fronting on Highland Street, Glace Bay
(District 9)

DATE: February 4th, 2025

REQUEST:

To deem municipal property surplus for sale at market value.

BACKGROUND INFORMATION:

CBRM received a *Letter of Interest* requesting CBRM sell a parcel of municipal property located on an undeveloped street, recognized as Eastwood Street, in Glace Bay (“subject property”). The subject property is outlined in yellow on the attached map (Attachment “A”) and identified as PID 15435597. The applicant’s property at 93 Highland Street, Glace Bay, lies adjacent to the subject property and is identified as PID 15435571 and PID 15045156, and outlined in blue on the said map.

The subject property is currently listed essential and identified in the Property Inventory database as a landlocked parcel with a comment referencing “Renwick brook drainage”. The applicant is seeking to purchase the subject property to add to his existing lots and extend this driveway to access his property in the rear.

PID 15435597 is currently assessed at \$2,200.00.

INTERNAL REVIEW/EVALUATION:

An internal review has been completed, and staff have confirmed there is no CBRM infrastructure on the subject property. CBRM does not require this property for stormwater management. There is no plan or objective for the municipality to develop the undeveloped road parcel referred to as Eastwood Street. The parcel is landlocked and would only benefit an adjacent property owner. If the applicant's request is approved by council, lot consolidation would be required to comply with CBRM's Municipal Planning Strategy and Land Use By-Laws.

LEGISLATIVE AUTHORITY

Section 50 (5)(b) of the *Municipal Government Act* states that

A municipality may sell property at market value when the property is no longer required for the purposes of the municipality.

FINANCIAL IMPLICATIONS:

The applicant will be required to pay market value for the subject property and all costs shall be the responsibility of the applicant.

RECOMMENDATION:

It is the recommendation of staff that the Committee of the Whole direct Council to pass a motion to deem the subject property surplus and sell the said subject property to the applicant pursuant to the Municipal Government Act.

Respectfully submitted,

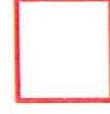

Sheila Kolanko
Property Manager

MEMO — Committee of the Whole

TO: **Mayor and Council**

FROM: **Sheila Kolanko – Property Manager**

SUBJECT: **REQUEST FOR MUNICIPAL PROPERTY
Portion of PID 15523707 – Official Row, Reserve Mines
(District 9)**

DATE: **February 4th, 2025**

REQUEST:

To deem municipal property surplus for sale at market value.

BACKGROUND INFORMATION:

The municipality received a *Letter of Interest* requesting CBRM sell a portion of municipal property located on Official Row, Reserve Mines (“subject property”). The subject property is shown crosshatched in yellow on the attached map (Attachment “A”) and is a portion of municipal land identified as PID 15523707, outlined with a solid yellow line. The applicant’s property at 1 Official Row, Reserve Mines, lies adjacent to the subject property and is identified as PID 15636871 and outlined in blue on the said map.

The subject property is part of a larger parcel currently listed as an essential community asset for Reserve Mines Park. The applicant is seeking to purchase a small portion of the property to square off his property that is consistent with adjacent properties and use it as an entrance point off Official Row to the rear of the applicant’s property. The applicant is asking CBRM to sell an area measuring approximately 25 feet more or less along Official Row and running the length of his existing property, approximately 160 feet.

INTERNAL REVIEW/EVALUATION:

An internal staff review was completed. Staff determined there is no issue with the applicant's request and the proposed dimensions and if sold, would have no adverse effect on the current park. If the applicant's request is approved, lot consolidation would be required with the applicant's existing property to comply with the applicable provisions of the Land Use By-Law.

LEGISLATIVE AUTHORITY

Section 50 (5)(b) of the *Municipal Government Act* states that

A municipality may sell property at market value when the property is no longer required for the purposes of the municipality.

FINANCIAL IMPLICATIONS:

The applicant would be required to pay market value for the subject property together with all costs associated with the proposed sale and lot consolidation.

RECOMMENDATION:

It is the recommendation that the Committee of the Whole direct Council to pass a motion to deem the subject property surplus and sell the said subject property to the applicant pursuant to the Municipal Government Act.

Respectfully submitted,

Sheila Kolanko

SUBJECT: REQUEST FOR MUNICIPAL PROPERTY
Portion of PID 15006869 — St. Agnes Avenue, New Waterford
(District 11)

DATE: February 4th, 2025

REQUEST:

To deem municipal property surplus for sale at market value.

BACKGROUND INFORMATION:

The municipality received a *Letter of Interest* requesting CBRM sell a portion of municipal property located on St. Agnes Street, New Waterford (“subject property”). The subject property is shown crosshatched in yellow on the attached map (Attachment “A”) and is a portion of municipal land identified as PID 15006869. The applicant’s property at 3789 St. Agnes Avenue, New Waterford, lies adjacent to the subject property and is identified as PID 15490121 and outlined in red on the said map.

The applicant’s driveway and baby barn are encroaching on the CBRM property. The applicant wishes to acquire the subject property to resolve the encroachment issues. The municipal property is currently listed essential and identifies the encroachments in the Property Inventory database.

PID 15006869 is currently assessed at \$9,600.00.

INTERNAL REVIEW/EVALUATION:

An internal staff review was completed. All departments agree the encroachment concerns should be addressed and support the applicant’s request. However, the department of Engineering is recommending the parcel be adjusted more inline with

civic 3789 to allow for additional road right of way beyond the edge of asphalt and to encompass the utility pole and power lines. As such, it is the staff's recommendation to retain a portion of the property, as shown outlined in blue. The blue parcel and the yellow crosshatched parcel comprise of PID 15006869. If the applicant's request is approved, a subdivision would be required. CBRM would retain the blue lot and the applicant would require lot consolidation with his existing property to comply with the applicable provisions of the Land Use By-Law.

LEGISLATIVE AUTHORITY

Section 50 (5)(b) of the *Municipal Government Act* states that

A municipality may sell property at market value when the property is no longer required for the purposes of the municipality.

FINANCIAL IMPLICATIONS:

The applicant would be required to pay market value for the subject property together with costs associated with the proposed sale.

RECOMMENDATION:

It is the recommendation that the Committee of the Whole direct Council to pass a motion to deem the subject property surplus and sell the said subject property to the applicant pursuant to the Municipal Government Act.

Nova Scotia Power Incorporated / 190 Daley Rd., New Victoria – Lease Request

Motion

Moved by Councillor MacMullin, seconded by Councillor Paruch, that Committee of the Whole recommend to Council to approve a five-year lease with NSPI for CBRM property located at 190 Daley Rd., New Victoria, at an annual rent of \$1200.

Motion Carried

Memo

TO: Committee of the Whole

FROM: Colin Fraser

SUBJECT: Nova Scotia Power Incorporated / 190 Daley Rd., New Victoria – Lease Request

DATE: Jan. 28, 2025

BACKGROUND:

NSPI currently operates an Ambient Air Monitoring Station on CBRM property at 190 Daley Road, New Victoria, PID #15517659. The Legal Department was contacted by NSPI regarding this property in 2024. Although the air monitoring station has been operated on the property for many years, there is no formal agreement in place between CBRM and NSPI regarding their use of the property. NSPI has requested that we enter into a five-year lease of the property with them because no agreement currently exists. The proposed lease contains an option to renew for an additional five years at the end of the term.

Under NSPI's proposed lease, annual rent in the amount of \$1200 would be paid for their use of the property. NSPI would not be permitted to use the property for any purpose other than the operation and maintenance of the Ambient Air Monitoring station.

A copy of the proposed lease is attached. I have reviewed the lease and the terms appear reasonable for NSPI's continuing use of the property.

RECOMMENDATION:

That the Committee pass a motion to direct Council to approve a five-year lease with NSPI for CBRM property located at 190 Daley Rd., New Victoria, at an annual rent of \$1200.

Re: Resolution for Pre-Approval of Debt Issuance/Temporary Borrowing Resolution

CBRM requires a renewed pre-approval for Debenture Issuance and temporary borrowing resolution for the Province of Nova Scotia – Municipal Finance Division's 2025 Debenture Issue for Municipalities. The amount of borrowing required is \$9,208,569. This borrowing is for capital projects approved and completed in the fiscal year March 31, 2024. A summary of the projects and related borrowing is included for reference and as previously presented as part of the 2023-24 Annual Financial Report on January 20, 2025:

CBRM Capital Program 2023/24	Cost	Funding	Borrowing
Land and buildings	\$ 841,937	\$ 212,448	\$ 629,489
Arenas	7,029,550	7,007,623	21,927

Waste Water/Storm Water	914,321	887,000	27,321
Parks & Grounds	2,565,435	2,017,469	547,966
Active Transportation			-
Transit	2,174,637	1,127,212	1,047,426
Tech Upgrades	-	-	
Waterfront Development			
Total	\$ 28,100,523	\$ 18,891,954	\$ 9,208,569

The original borrowing resolution was approved upon the adoption of the 2023-24 Budget in the amount of \$8,839,633 on April 6, 2023. As noted during the Audit Committee presentation, the difference between borrowing approved and borrowing required is due to the timing of costs incurred for multi-year projects.

Due to the fact that longer than 12 months have elapsed since the original borrowing resolution approval, a current resolution must be passed to meet MFD's debenture participation requirements.

Requested Motion:

Council approve the attached resolution for the pre-approval of debt issuance and temporary borrowing resolution in the amount of \$9,208,569 for capital projects completed up to March 31, 2024.

Sincerely,

[Redacted]
Jennifer Campbell, CPA, CA Chief Financial Officer

Resolution for Pre-Approval of Debt Issuance

Motion

Moved by Deputy Mayor Eldon MacDonald, seconded by Councillor MacMullin, that Committee of the Whole recommend to Council to approve CBRM Water Utility to refinance the balance of \$3,750,000, for the final five-year term of the loan.

Motion Carried

MEMO

Date: February 4, 2025

To: Mayor and Council

From: Jennifer Campbell, CPA, CA Chief Financial Officer

Re: Resolution for Pre-Approval of Debt Issuance

CBRM requires a pre-approval for Debenture Issuance for the Province of Nova Scotia – Municipal Finance Division's 2025 Spring Debenture Issue. The purpose of this debenture issuance is to refinance the balance of maturing loan # 30-A-1 held by the CBRM Water Utility.

The debenture was originally drawn November, 2010 in the amount of \$15,000,000, repayable at \$750,000/year over a 20 year period. Subsequent to the initial 10 year term, the Water Utility has the option of paying the loan balance in full or refinancing the balance at each 5 year renewal date.

Staff recommend that the Utility refinance the balance of the loan, which will ensure stability of water rates.

The amount eligible to be refinanced is \$3,750,000, for the final 5 year term of the loan. The resolution required by DMA and MFD is included and requires Council approval.

Sincerely,

Jennifer Campbell, CPA, CA Chief Financial Officer
